6 The Accountants were storing 88 boxes of Debtor records that are being retained to administer the Estate since August 2020. The Accountants charge \$1.50 per box per month which is the per box pro-rata estimated cost of maintaining the warehouse and related personnel. The monthly charges are less than well-known document storage facilities would charge because the charge includes access to the records, delivery and pick-up within eastern Massachusetts and use of offices and copy machine to the extent required by any party to the case without further cost, except for the cost of copying, the initial pick-up, inventory of records and disposal.
